## Benefits of studying @Northlands College

### FLEXIBILITY

Starting your degree closer to home is a great way to ease your transition to university. As a USask student living in your home community, you can enjoy more flexibility in balancing your studies with work and family life.

In person classes are offered at the La Ronge campus. Synchronous hybrid (live-streamed) and USask online classes are available at other Northlands College satellite campuses.

### FOCUSED SUPPORT

In addition to support services available to all USask students, individualized academic program support, career counselling, student focused workshops and more are all available at Northlands College.

### PERSONALIZED INSTRUCTION

Class sizes at Northlands College can provide opportunities for more one-on-one interactions with instructors, fellow students, and support staff. A limited number of classes are delivered face-to-face, synchronous hybrid (live-streamed), or fully online; students may take a combination of these options.

### SAVE MONEY

By studying closer to your home community, you can take advantage of lower costs of living and other community or familial supports. As a full-time USask student, you may be eligible for USask scholarships and bursaries as well as those offered by Northlands College.

### NEXT STEPS

- Talk to a USask advisor
- Meet with the local advisor at Northlands College
- Apply for admission to USask as a student at a Northlands College campus
