## Benefits of studying @Southeast College

### FLEXIBILITY

Starting your degree closer to home is a great way to ease your transition to university. As a University of Saskatchewan (USask) student living in your home community, you can enjoy more flexibility in balancing your studies with work and family life.

A limited number of in person classes are offered at the Weyburn campus. USask online classes are available at other Southeast College satellite campuses.

### PERSONALIZED INSTRUCTION

Class sizes at Southeast College can be less intimidating and can provide opportunities for more one-on-one interactions with instructors, fellow students, and support staff. A limited number of classes are delivered face-to-face or fully online; students may take a combination of these options.

### SAVE MONEY

By studying closer to your home community, you can take advantage of lower costs of living and other community or familial supports. As a full-time USask student, you may be eligible for USask scholarships and bursaries as well as those offered by Southeast College.
