Benefits of studying @Suncrest College

FLEXIBILITY

Starting your degree closer to home is a great way to ease your transition to university. As a University of Saskatchewan (USask) student living in your home community, you can enjoy more flexibility in balancing your studies with work and family life.

In person classes are offered at the Yorkton and Melfort campuses. Synchronous hybrid (live-streamed) and USask online classes are available at other Suncrest College satellite campuses.

FOCUSED SUPPORT

In addition to support services available to all USask students, individualized academic program support, career counselling, student focused workshops and more are all available at Suncrest College.

PERSONALIZED INSTRUCTION

Class sizes at Suncrest College can provide opportunities for more one-on-one interactions with instructors, fellow students, and support staff. A limited number of classes are delivered face-to-face, synchronous hybrid (live-streamed), or fully online; students may take a combination of these options.

SAVE MONEY

By studying closer to your home community, you can take advantage of lower costs of living and other community or familial supports. As a full-time USask student, you may be eligible for USask scholarships and bursaries as well as those offered by Suncrest College.
